# Woman Kidnapped! Friend Left Bound and Gagged on Park Bench!

Starring Autumn Woods, Skylar Paige, and Sabina Stone

(T&G News Service) "I didn't think a walk in a park could be dangerous", Autumn Woods told T&G. But last weekend it was dangerous. Her friend, Skylar Paige, was abducted as Ms. Woods could only watch and squirmed in ropes and a mouth-filling gag. "I thought it was a joke when the masked woman pointed a gun at me. Some joke! She tied me up real good. Then she told me that she couldn't have me warn Skylar so she stuffed that handkerchief in my mouth and tied that bandanna so I couldn't spit out that awful wad. I felt so helpless. Seeing me tied up and trying to warn her just brought Skylar into the trap. The masked woman had poor Skylar tied up in no time. When Skylar gave her lip, that bitch stuffed two hankies in her mouth to keep her pacified. As she took Skylar, she told me that she would be in contact to arrange a ransom." The fate of Skylar Paige is unknown as of the submission of this story.

(T&G News Service) "I was terrified", Skylar Paige told T&G about her ordeal, "That woman who kidnapped me brought me to her house. I was forced to strip down to my underwear and then she bound me to a kitchen chair. She told me that we would have to wait for Autumn to bring the ransom money. She said that the ropes would bother me less if I was drunk...so she forced me to drink beer. When that didn't quiet me, she gagged me with that horrid bandanna I had been gagged with for hours. At least I didn't have to endure having my mouth stuffed with

**handkerchiefs again...although that knot in the bandanna worked almost as well to keep me quiet. I could only hope that Autumn would figure out some way to rescue me"**

**(T&G News Service) "I don't consider myself a hero", Autumn Woods told T&G, "The kidnapper was so focused on the ransom that she got careless. I just got mad and caught her by surprise. Skylar and I had a chance to use the tying skills we learned in Girl Scouts. Skylar insisted that we make her kidnapper more comfortable by removing her clothes. She said the ropes would dig into her skin more. And that crotch rope...that was my idea. You should have seen that woman squirm when I pulled on it! Then the kidnapper started mouthing off...we had to gag her. She was acting like such a bitch. I gagged her with the same bandanna that was used on Skylar. It was all wet...all that drooling you know...gags do that to you. Anyway, we called the police and left the kidnapper to squirm in the chair until the police arrived"**
