Office Robbery Gets Personal – Part 1

"She made me chew on my own pantyhose!"

(T&G News Service) It wasn't a routine day at the office for secretary Talia Monet. "I was working alone when this woman came in the office...she had a gun. She told me that she was looking for a tape and if I did as I was told, I wouldn't get hurt. She told me that she would have to make sure that I didn't make a fuss while she ransacked the office. Why this involved me stripping, I don't know. Then that bitch made me chew on my own pantyhose," a shaken Ms. Monet told T&G. T&G has learned that the assailant was one Lana Blake.

(T&G News Service) Secretary Talia Monet later told T&G "It was bad enough that I had to strip for that woman and that she forced me to gag myself with my own dirty pantyhose, but then she pulled out a handful of her own pantyhose and tied me to my chair. When I was totally helpless, she took advantage of me...touching me...playing with me...getting her jollies...all I could do was scream into the gag, but my cries were so muffled that no one in this crowded office building heard me"

(T&G News Service) "Finally, that woman turned her attention to robbing the office. She was looking for a tape, which she finally found. I was so relieved", secretary Talia Monet told T&G, "Then she put pantyhose over my head! She told me that it was to keep the gag in place. She wasn't done...a headscarf to hide everything from view, she told me. Just when I thought that

things couldn't get stranger...my rescuer appeared"

(T&G News Service) T&G interviewed security guard Ms. Nikki Steele, who told us, "Yeah, it was my first arrest. I heard strange noises...I now know that it was that cute secretary with her mouth all gagged. At first, I didn't know what was going on so I pulled my gun on the woman in the white headscarf. Then I saw that poor sweet thing all in wrapped up in nylons. It felt good snapping those cuffs around the wrists of that Lana Blake. Once I had the assailant restrained, I took the gag out of Ms. Monet's mouth. However, I realized that I didn't really know what was going on so I thought it best to keep them both helpless while I investigated further"
